**STAY  
SAFE!**

# Check-in, problem solving, TLC or a little bit of lunch!

## Lennox Primary Safety Measures

Day to day boys and girls will spend time with Mrs Coughlan or Mrs Curry for a variety of reasons. If your child is spending time with one of us we have a number of mechanisms to keep them safe.

**Our offices are cleaned throughout the day**

**Our windows are open all day for added ventilation**

**Mrs Coughlan and Mrs Curry 'skoosh' and clean before a 'check-in' session and once a session is finished**

**Children wash their hands before coming for a check-in**

**We wash or sanitise our hands before a child joins us**

**Our rooms are arranged so that we are always 2 metres from the child/children**

**We will wear a mask if it is not possible to keep the 2metre distance**

**We play some relaxing background music so our rooms are welcoming**

**We have tissues on the table for safe respiratory hygiene**

**We listen, advise, problem solve and repair!**
